## Welcome from ACEsports to the 2024 TEAM LEDGER Harcourts Capital Classic Track and Field Meeting.

Welcome to the 20<sup>th</sup> Capital Classic. It's a privilege to be associated with this event for 20 years as the World Athletics Continental Tour Challenger meet enables Wellington athletics to be part of the wider global Athletics community. Wellington's reputation of a stadium that can produce excellent performances with many national and international athletes claiming breakthrough performances and going on to achieve higher honours on the world stage. Athletes like Eleanor Paterson [AUS], Nicola Olyslagers [AUS], Matt Denny [AUS], Zoe Hobs Hamish Kerr, Eddie Osei Nketia, Sam Tanner, Nick Willis, and Tom Walsh are just a few who have competed here at the Team Ledger Harcourts Capital Classic in the past with distinction.

Again, athletes target events like the 2024 Paris Olympics for qualifying performance points and qualification for World Junior Championships in Lima, Peru. We extend a special welcome to all athletes aiming to qualify for such events, and importantly welcome back to our Australian, Japanese, French and Pacific visitors.

To **Mike and Tania Ledger**, of our naming right sponsors "**TEAM LEDGER Harcourts**" I sincerely acknowledge and recognise you for your longstanding contribution to this event now more than **TEN Years**. Many athletes have benefitted from your generosity through support of the meet via prizemoney, travel, and accommodation subsidies. Our NZ athletes are indebted to time and resource made available from supporters who foster our competition opportunities making the **Team Ledger Harcourts Capital Classic** a permanent fixture on the athletics calendar. I welcome and extend a massive thank you to all our longstanding partners the **Fujifilm**, **FISO** group, **Brentwood Hotel**, **SAS Sports** and many more contributors over the 20 years. Credit also this year to the collaboration with the **Potts** and **Cooks** Classics giving greater consistency to our meetings and **N-Tech I-Film** Sport crew who have supported these Central Classic this year and enabled us to present to Sky Sport our meetings to grow our audiences.

Once again Athletics has benefitted like many with upgrades to the stadium courtesy of FIFA and Wellington City Council who see the value in attracting international and national events to their city. Newtown stadium is venue we need to treasure in our community. Its great in 2024 will have enhanced stadium facilities and lights.

As meet director and I acknowledge sincerely our hardworking officials lead by Eddie Soria for their constant contribution to the Lower North Island region meetings. Their commitment allows the athletes to perform and spectators to enjoy in the spectacle.

We hope to start the next 20 year with the 2025 edition. Best Wishes and Good Luck, and we will see you back here for Nationals Championships in a little over 5 weeks.

### World Athletics Rankings SYSTEMS Overview

An individual athlete ranking system for the sport of athletics is managed by World Athletics. It is used to establish the number one athlete within an athletics event and to partially determine qualification into the World Athletics Championships and the athletics at the Summer Olympics. The rankings are published weekly by World Athletics.

Athletes are assigned a "ranking score" based on the average of their best performances within a 12-month ranking period, or 18-month period for combined events and distance events of 10,000 m or more. Each athlete performance is assigned a "performance score" which consists of a "result score" plus a "placing score" – the result score is based upon an athlete's best result in the final of a competition and is calculated via the World Athletics Scoring Tables (similar to the decathlon scoring method), while the placing score takes into account the athlete's final placing within that competition and the category of the competition, with more placing points being awarded in more prestigious competitions. E.g *Diamond League vs. Continental Tour Challenger Meets*

There is a total of ten competition categories, a code based on the level of the competition. There are four special categories for the foremost global and continental competitions, followed by categories ranked from A to F for other competitions.

The scores assigned to an athlete based on a given performance are derived from the IAAF Scoring Tables of Athletics. Placing scores vary based on the event, the competition category, and the placing of the athlete. The performance score is the combined total of the placing score and result score of an athlete performance. An athlete's ranking score is the average of their best performance scores within the ranking period. The ranking period is 12 months for all field events and track events of 5000 m or less, and is 18 months for 10,000 m, road running, racewalking and combined events. The number of best performances considered for the ranking score varies by event, with five performances considered field events and track events of 1500 metres or less, three performances for the 3000 metres steeplechase, 5000 metres, 20 kilometres race walk and road running (half marathon or 10K run) rankings, and two performances for the 10,000m, decathlon, heptathlon, marathon and 50 kilometres race walk. In all events, athletes will receive additional points in their ranking score if they have broken or equalled a world record in their main event or a similar event.

# Giving our world more smiles

Every smile holds a story.

Stories of joy, laughter, excitement.

Stories of trying new things,

letting go,

overcoming challenges.

Stories of new beginnings,

fresh starts.

Stories of love, dreams, hope,

and finding strength.

Smiles shared with loved ones,

and to celebrate new life.

Smiles are our gifts and

the stories we share.

At Fujifilm,

we know smiles.

In everything we do and

with all our partners,

we spread smiles the world over

across communities,

cultures, and industries.
